DIRECTORS NOTE

Dear Reader's

As New Year is here, we want to take this as an opportunity to extend our heartfelt greetings for the season and appreciate you all for your accomplishments and achievements for last year. Last year has been a great year as far as building our team is concerned. We thank one and all for your support and dedication and or the extra hours that you worked to achieve your goals and build on our 1589 dream.

It's time to think about the right and wrong decisions we made last year and focus on the corrective measures so that we're more confident in the coming year.

It is important that we start planning for the upcoming financial year. Here we must learn from our past performance and reflect that into our target that we set. Planning for the upcoming financial year is not just putting numbers on an excel sheet, but rather to strategize. We need to assess based on everything you have experienced this year, how to increase our sales, how to earn higher profits and deliver on customer satisfaction. It's important to think in advance what is to be done, when it is to be done, how it is to be done and by whom it should be done. In simple words we can say, planning bridges the gap between where we are standing today and where we want to reach.

Not to forget planning comes with implementation. HOD's should make sure that the implementation is done as per the plan. If we have a plan in place, wasting time and energy on the planning process and then not implementing the plan is pointless. You all as leaders must be able to ensure that you and the team is able to execute the decided plan. Set systems in place to ensure that you are able to track this implementation. This will make you a successful leader.

We've many more projects lined up for this year and I am sure with your dedication and determination we will be able to complete those also in time. We are focusing on adding the premium properties to our basket and with the support of our business development team we should add 14 more properties by the end of 2020.

It's important for us to use our time wisely and move forward as decisively and swiftly as we can in 2020. That will only be possible with your continued dedication and teamwork.

Last year we spoke more about motivation, that is because when you're motivated, your entire body is pumped with adrenaline to help you complete the goals that you have set for yourself, which results in increased energy levels. It's highly important for the team leaders to be motivated because when one team member is motivated, it's likely to rub off on their colleagues, causing more employees to be committed and driven. Try to set up a reward system for yourself to help you stay motivated. It doesn't have to be anything big; it can be something small like a cup of coffee from Starbucks or treating yourself to your favourite chocolate bar.

The New Year is the new beginning of new ventures and new projects. Let's continue to see success as we did this year. Wishing all the 1589 family members a very happy and prosperous New Year.

NEW APPOINTMENTS

Our General Manager at GenX Usha Kiran, He is a very straight forward person. He loves listening to music & playing cricket.

BRK SATURDAY

A HUMBLE EFFORT TO SERVE SOCIETY.

BRK Saturday is an initiative organized by 1589 Hotels to serve society. The initiative has been named after our late beloved Sri Birendra Kumar (BRK).

Aarohan is a non-governmental organization registered in 2005 under the Society Registration Act, 1860 of India. The Head Office is located in Malviya Nagar, South Delhi- which serves as epicenter of its programs and activities.

AAROHAN is mainly working in the area of education for underprivileged children of the society, women and other community members living in difficult circumstances, also with rural/tribal areas and transgender community.
