1589 HOTELS FEATURED IN WEDDING VOWS

DIRECTORS NOTE

Dear readers, we stand at the end of the calendar year. Now is the time to reflect on the right and wrong decisions we as individuals and as a group have collectively made. At this very same juncture we should take time out and thank our loved ones and the almighty for all that we have received. We must collectively make a resolution to take care of the health of ourself, our families and our organisation in the coming year.

For 1589 hotels this December has been the best month so far in terms of performance. Yet we are recouping our investments and budget deficit of the past few months. January promises to be better, only through persistent hard work of every family member of 1589.

We are opening our hotel in Mirzapur. We have also signed a few new alliances. Our objective at the start of the financial year was to be operating 50 hotels. We will end the year with 40 and another 20 signed alliances, and the quality of our hotels has also significantly improved.

Latest edition to our GenX portfolio Mirzapur will be opening this month on the 15th of January. We are also beefing up our corporate sales and management set up with additional recruits.

We have started a new HR portal pioneered by Ashish Gulati, Manu Prasad and Anish Pandey. HR team will be informing you more about it.

The most important decision taken by the management in this new year is shifting to a complete cloud solution, with a single interface for rates inventory, purchase and finance. In January we intend to put our cloud software in 5 of our units. By March we intend to have our entire company on cloud. I urge all of you to take training on the same. This should help in effective revenue management and fill leakages in the system.

May the new year bring all your families health and happiness.

DID YOU KNOW

1. 1589 Hotels has currently six properties under various stages of development in 2 countries.
2. The city with maximum 1589 hotels is Bengaluru.

BRK SATURDAY

A HUMBLE EFFORT TO SERVE SOCIETY.

BRK Saturday is an initiative organized by 1589 Hotels to serve society. The initiative has been named after late beloved Sri Birendra Kumar (BRK).

CSR activity in the month of 'December' was initiated by Ms. Rubina Ansari at AIIMS. We in collaboration with Uday Foundation served food to the needy. Uday Foundation serve free, but wholesome, food to families of underprivileged patients in the Govt. Hospital and also for the children who come from far-off places to the Delhi hospitals for often longer treatments.
