# WELCOME TO JODHPUR

Jodhpur is the second largest city in the Indian State of Rajasthan. It is located 335 kilometers west from the state capital, Jaipur and 200 kilometers from the city of Ajmer. It was formerly the seat of the princely state of the same name, the capital of the kingdom known as Marwar. Jodhpur is a popular tourist destination, featuring many places, forts and temples set in the stark landscapes of the Thar Desert.

The climate of Jodhpur is generally hot and semi- arid, but with a rainy season from late June to September. Temperatures are extreme throughout the period from March to October, except when monsoonal rain produces thick clouds to lower it slightly. In the months of April, May and June, high temperatures routinely exceed 40 degrees Celsius. During the monsoon season, average temperatures decrease slightly. However, the city's generally low humidity rises and this adds to the normal discomfort from the heat.

The city is known as the "Sun City" for bright, sunny weather it enjoys all year. It is also referred as the "Blue City" due to the blue-painted houses around the Mehrangarh Fort. The old city circles the fort and is bounded by a wall with several gates. However, the city has expanded greatly outside the wall over the past several decades. Jodhpur lies near the geographic centre of Rajasthan state, which makes it a convenient base for travel in a region much frequented by tourists.

The handicrafts industry has in recent years eclipsed all the industries in the city. By some estimates, the furniture export segment is a \$200 million industry. Other items manufactured include textiles, metal utensils, bicycles, ink and sporting goods. A flourishing cottage industry exists in the manufacture of such items as glass bangles, cutlery, carpets and marble products. After handicrafts, tourism is the second largest industry of Jodhpur. Crops grown in the district include Wheat and the famous Matharia Res Chilies; gypsum and salt are mined. The city serves as an important market place for wool and agricultural products.

Some of the important fairs and festivals held are Marwar Sufi Festival, Gangaur, Teej, Nag Panchami Fair, Mahavir Jayanti and Shri Mata, Jodhpur can boast of a first class grass polo ground that will doubtless produce the next generation of international Jodhpur players and play host to potential Indian Stars and the best of the country and the world.

A number of Indian delicacies have originated in Jodhpur. To name a few: Makhaniya Lassi, Mawa Kachori, Dal Bati Churma, Panchkuta Lapti etc.
